SUMMER LEADERSHIP – An interactive, two day program held in late summer in Palo Alto – the heart of Silicon Valley. Students learn about our Firm by attending panels and participating in activities that help introduce them to our service lines and culture. It is a great chance to further your understanding of the profession and see if you are interested in interning with us the following summer!

SUMMER INTERNSHIP – We offer a unique 8 week rotational summer internship program. Interns spend the first week in training, which takes place in our Palo Alto office and is led by partners and managers. Interns then rotate through our largest departments and work with employees of all levels. It is an ideal opportunity to obtain an overview of public accounting services!

FULL-TIME ASSOCIATE – We empower our Associates to make an informed decision about their specialty by diversifying their exposure through a rotational program. Partners and managers initially train you in all areas of our practice, providing a big picture of the Firm's service lines. After one year of working across departments on a variety of clients, you will be equipped with the knowledge to declare your full-time department of interest. So if you feel stuck choosing your career path before you have the chance to experience your options, no worries – we allow you to try first and specialize over time!

The audit intern is primarily responsible for performing audit procedures in the areas of cash, receivables, inventory, fixed assets, payrolls and expense analyses. The intern will also review and audit business transaction cycles, including cash, treasury, capital expenditures, and other income and expenses; research assurance issues utilizing electronic data bases; review and track financial information utilizing assurance-related software; and execute other projects as assigned. The intern will work closely with senior, managers, and partners, on all phases of the project.

The tax intern is responsible for preparing tax returns, including the preparation of supporting work papers for various entities such as corporations, partnerships, estates, trusts, non-profits, employee benefit plans, etc. The intern will also research and consult on various tax projects; respond to inquiries from the IRS and other taxing authorities; utilize tax-related software to prepare and process returns; and carry out other projects as assigned. The intern will work closely with associates, senior associates, managers, senior managers, and partners, on all phases of the project.

The Advisory Services service line assesses and improves the efficiency of company processes and technology. Functions of this division range from Business Process Improvement, to Risk and Advisory Services, to Information Technology Services, to Internal Audit related activities among many others. AS assists companies in adapting to mitigate risks and take advantage of improvement opportunities from a financial, process, and technology perspective. AS interns will work on a variety of projects involving finance, business processes, and technology from a risk services and management consulting standpoint. Each intern will be exposed to projects ranging from process improvement, strategic alignment and technology security, allowing him/her to discover the area of advisory services most suited for his/her skills and interests. The intern will work closely with associates, seniors, managers, and partners, on all phases of planning, engagement management, and wrap up.

Training:

Grant Thornton provides training programs related to an individual's job responsibilities. The training program for an intern is condensed as it relates to the length and responsibilities of the internship. We are committed to ongoing professional development and we encourage individuals to attend outside training seminars.

Grant Thornton LLP offers excellent career opportunities, with high growth potential, in a team environment.

ABOUT US

Why KPMG?

Great benefits... fantastic career prospects... international opportunities... the chance to work with some of the world's most innovative and successful companies... ongoing investment in employee learning and development... the importance attached to life balance... the value-based culture — there are many reasons why people choose to build a career at KPMG.

For over 100 years, KPMG has helped clients successfully respond to changing opportunities by providing professional services. To continue succeeding, and work toward our goal of becoming the best Big Four firm and an Employer of Choice, we have to support our clients and enhance our own business by attracting top talent. That means finding talented people to serve clients, develop and manage our brand, control our finances, run our IT infrastructure, etc.

If you're among the talented individuals interested in an exciting career in professional services, then KPMG could be a great place for you to build a career. Don't just take our word for it, see for yourself by visiting our Web sites, meet with us at career fairs and information sessions, read independent reports, to find out more about us. Once you do, we think you'll be convinced that KPMG is a great place to launch and build a career.

INTERNSHIP DESCRIPTION

Why an internship?

Internships are more than just a summer job — or a "semester job" — with a paycheck.

KPMG Internships offer you the opportunity to:

- **Explore Career Opportunities** — By working in the field you have chosen, you can receive an inside look at your potential career path. KPMG offers internships in their Audit, Tax, and Advisory practices. You can also apply for one of the firm's international internship assignments through the Global Internship Program.
- **Network** — As a KPMG intern, you'll be a member of the team, getting the chance to interact with senior executives and to work with KPMG International member firms worldwide. You'll also have the opportunity to make contacts and form relationships you can use later on in your career.
- **Find Mentors** — Mentors can inspire you to meet challenges and achieve success. They enable you to see a wider realm of opportunities, and they provide valuable advice to help you excel in your career. KPMG is committed to our mentoring culture. Each intern is paired up with a mentor at the start of their internship experience to offer guidance and help answer day-to-day questions.
- **Gain Experience** — These days, employers look for more in a potential hire than just good grades. An internship is a perfect opportunity for you to gain valuable experience that can make you more marketable to employers. During your internship you will be assigned to a variety of client engagements. These experiences will help you to gain a better understanding of KPMG and a career at a professional services firm.
- **Intern Training Experience** — KPMG is big on training. As an intern, you'll have the opportunity to join your peers at one of our training sites around the country. During intern training, you will enhance your leadership and communication skills, as well as get specific technical training to make sure your internship is a success!

Throughout your internship, there will be additional training sessions available, focused on key skills and knowledge for your success in the profession (e.g., IFRS, global career skills, etc.). Our multidisciplinary and multi-office approach mirrors the way we work together at KPMG. All KPMG interns will participate in a nationally consistent training model — focused on your personal and professional growth and development.

KPMG Internships offer Big Rewards

- Nationally developed training program to prepare you for your internship
- Real life experience working with clients in a number of our industries
- An abundance of networking opportunities with peers, clients and firm leadership
- For successful interns, a full-time offer of employment; and
- The start of a rewarding career at KPMG!

What is the timing for the KPMG internship?

- **Summer** – June 12 – August 8, 2014 (tentative dates)

ABOUT US

Founded in 1985, LLME is one of San Diego's largest locally based firms. Our partners and staff have extensive experience and knowledge gained from working in private industry and for international accounting firms. LLME provides the experience of working for a big firm while maintaining the feel of a small firm work environment.

As a growing San Diego firm, we provide many career opportunities which may not be available at all firms. For example, one individual started as an intern from USD and is now a partner. We have an open door policy at our firm and work together as a team to give our clients quality products and service.

INTERNSHIP / CAREER OPPORTUNITIES

During tax season, February 1 - April 15, we offer 4-5 tax internship positions. As an intern you will gain experience preparing individual tax returns and will have the opportunity to work closely with senior staff, managers and partners.

Full-time career opportunities are also available in the tax, audit and accounting services departments. For more information visit the careers section of our website at www.llme.com.

INTERNSHIP OPPORTUNITIES

Internship positions are available for both audit and tax. Tax internships take place during the months of January through April and require a commitment of 20 hours per week. The position is an interesting and challenging opportunity to get a firsthand introduction to tax compliance processes and be exposed to complex client work. Interns will work directly with the entire complement of partners, managers, seniors and staff members.

Audit internships are offered during the summer months and are full time opportunities that run approximately eight to ten weeks. Our goal is to provide our interns with an opportunity to develop their understanding of the critical nature of substantive audit procedures through a "hands-on" approach.

San Diego

office fact sheet

A Team Environment

Combining livability with opportunity, San Diego is the right fit for people seeking balance. It’s where the size and scale of a large city meet the benefits of a close-knit community, and it’s where surfing, hiking, biking, and golf meet museums, music, energetic nightlife, and a thriving restaurant scene.

Our San Diego office has more than 50 tax, assurance, and consulting professionals. In addition to a range of for-profit entities, we serve some of the largest tax-exempt organizations in Southern California. We foster a team atmosphere in which new hires work closely with partners on client engagements from the get-go, developing hands-on experience to help jump-start their careers.

We’re also active in our community, whether it means volunteering for a beach cleanup with the Surfrider Foundation, making gift baskets for military personnel, giving to the United Way Campaign, or participating in the American Cancer Society’s Relay for Life.

We also focus on having fun, organizing an annual casino night, a day at PETCO Park, and other events throughout the year to get together outside of work and celebrate our accomplishments.

San Francisco, CA 94114

FIRM FACTS

Number of employees – 30+

Number of Partners – 100+

Areas of Hire – Campus Representatives; CPA candidates reach their goals

Fun Firm Fact – Roger CPA is the fastest growing CPA Review Course in the Nation!

ABOUT US

At Roger CPA Review, our mission goes beyond seeing our students pass the CPA Exam—that's a given. As CPA Exam experts, we guide our students every step of the way, enabling a preparation process that is *Efficient, Effective* and—dare we say—*Enjoyable*.

EFFICIENT: We do not waste our student's precious time.

A CPA candidate's time is valuable, and we respect that. Our students will never nod off to a drawn out lecture on the *The History of Accountancy* or waste time weeding through *optional* chapters. No. We cut out the fat to focus students on the information needed to pass the CPA Exam and move on with their lives.

For further efficiency, our intuitive e-learning system integrates all of the key course elements, creating a streamlined learning experience. Lectures are delivered side-by-side with e-textbooks, with the ability to insert video bookmarks and take notes all in one place. Study Management Tools, such as Course Diagnostics and customizable Study Planners help students set a plan, track their progress, and assess their strengths and weaknesses for a clear path to success.

EFFECTIVE: With an 88% pass rate, we know the methodology works.

Plain and simple, we *teach* our students. Our lectures and textbooks are broken down into bite-sized, highly motivating lessons that keep students focused. We simplify difficult concepts, and help our students retain this information with helpful memory aids and mnemonics.

ENJOYABLE: The CPA Exam is scary, stressful and daunting. But it doesn't have to be so bad.

Not all CPA Review courses are created equal. While all courses begin with the same questions and topic outlines from the AICPA, it is the delivery of the information that sets Roger CPA Review apart. Our students remain engaged, frequently laugh out loud, and often come away singing a song or two—and in turn, they learn more! It's no wonder we receive so many positive reviews from happy students who legitimately *miss* their course after passing the exam.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
OFFICE OF INSPECTOR GENERAL
OFFICE OF AUDIT SERVICES

The U.S. Department of Health & Human Services' (HHS) Office of Inspector General has full-time or part-time, unpaid internship positions available in its San Diego Office of Audit Services (OAS). OAS conducts national audits to provide HHS, Congress, and the public timely, useful, and reliable information on significant issues within the Department. These audits focus on preventing waste, abuse, or mismanagement and promoting the economy, efficiency, and effectiveness of HHS programs.

All internship candidates must currently be enrolled in a degree-granting program. We prefer full-time or part-time interns who have strong quantitative and analytic skills (whether through coursework or on the job) and the ability to conduct research on health administration, public administration, health policy, social science, or similar areas.

Interns may have the opportunity for conversion to paid internship or full time employment upon graduation and successful completion of the unpaid internship.

Proficiency in using statistical analysis programs and experience manipulating large datasets is desired. Candidates must have effective writing and oral communication skills. Knowledge of HHS agencies such as the Centers for Medicare & Medicaid Services, the Centers for Disease Control and Prevention, the Food and Drug Administration, or the Indian Health Service is helpful.

We are looking for interns who will contribute to the ongoing audit work in the office. Responsibilities may include conducting background research on departmental programs and relevant legislation, helping design data collection instruments, conducting in-person and telephone interviews, conducting data analysis, completing data entry, writing summary documents, and participating in review meetings. Some local travel may be required.

Interested students should send their resume and cover letter to Adam.Cramer@oig.hhs.gov. For questions regarding this announcement, contact Adam Cramer at (619) 557-6131, x116.
