BDO. Because relationships matter.

There are many world-class accounting firms. Far fewer that offer a culture so rich in professional opportunity for intern and entry-level employees. At BDO, we understand that it takes exceptional people to deliver exceptional client service. And we understand that “exceptional” isn’t a quality that one develops overnight. That’s why we make it a priority to offer our accountants the mentorship, flexibility, and opportunity they need to grow and develop as professionals – today, tomorrow, and for the rest of their careers.

San Francisco, CA 94114

FIRM FACTS

Number of Partners – 100+

Areas of Hire – Campus Representatives; CPA candidates reach their goals

Fun Firm Fact – Roger CPA is the fastest growing CPA Review Course in the Nation!

ABOUT US

At Roger CPA Review, our mission goes beyond seeing our students pass the CPA Exam—that’s a given. As CPA Exam experts, we guide our students every step of the way, enabling a preparation process that is *Efficient, Effective* and—dare we say—*Enjoyable*.

EFFICIENT: We do not waste our student’s precious time.

A CPA candidate’s time is valuable, and we respect that. Our students will never nod off to a drawn out lecture on the *The History of Accountancy* or waste time weeding through *optional* chapters. No. We cut out the fat to focus students on the information needed to pass the CPA Exam and move on with their lives.

For further efficiency, our intuitive e-learning system integrates all of the key course elements, creating a streamlined learning experience. Lectures are delivered side-by-side with e-textbooks, with the ability to insert video bookmarks and take notes all in one place. Study Management Tools, such as Course Diagnostics and customizable Study Planners help students set a plan, track their progress, and assess their strengths and weaknesses for a clear path to success.

EFFECTIVE: With an 88% pass rate, we know the methodology works.

Plain and simple, we *teach* our students. Our lectures and textbooks are broken down into bite-sized, highly motivating lessons that keep students focused. We simplify difficult concepts, and help our students retain this information with helpful memory aids and mnemonics.

ENJOYABLE: The CPA Exam is scary, stressful and daunting. But it doesn’t have to be so bad.

Not all CPA Review courses are created equal. While all courses begin with the same questions and topic outlines from the AICPA, it is the delivery of the information that sets Roger CPA Review apart. Our students remain engaged, frequently laugh out loud, and often come away singing a song or two—and in turn, they learn more! It’s no wonder we receive so many positive reviews from happy students who legitimately *miss* their course after passing the exam.

We invest a lot of time into our training with each full-time salaried employee completing at least 140 hours per year.
