COMMUTORS

TRAM FACTS
Hi Toreros! Wes Katayama Class of 2012 here - it’s been a long and diverse journey since leaving USD and I have been lucky to crash-land at Netflix.

I’ve recently joined the Events Team (party planning committee) as a Resource Coordinator here and have been tasked with understanding our tools, processes and resources for the team as we look to scale globally. In addition, I also partner with our Talent Acquisition team (Recruiting) to help understand how we engage different communities across the US and the World from an Employer Branding perspective.

Popular on Netflix

Prior to this role, I started as a Talent Coordinator here on the TA team and moved over to a role as a Recruiting Researcher shortly after that.

Some of the most valuable lessons I learned at USD were to be curious, focus on impact, and learn to live in ambiguity (Thanks, Chung & Lew).

If anyone ever told you moving roles in a short amount of time is a bad look - clearly, I didn’t listen.

I can safely say that this advice has helped me throughout my career, especially learning to live in the unknown.

“For any future grads reading this, HIT ME UP!”
ALUMNI UPDATE

DYLAN GARCIA

T-T-T- Toreros! Dylan Garcia here class of 2018! I am currently living in San Jose, CA and working as a Sales Consultant for the San Jose Sharks and Barracuda. The Sharks have clinched their playoff spot and hope to make a deep run in the 2019 Stanley Cup Playoffs. My day-to-day deals with generating new business opportunities as well as retaining current clients.

If I had to choose, my favorite part about my job is seeing my client’s reactions at games, because we’ve built relationships. Whether that’s a slapshot from Burns, or a final second score from Pavelski, it’s memories like this that make my job that much better.

If I could give current Toreros any advice, it would be to leverage your network. Alumni want to help you and all you have to do is ask!

If you’re looking for an internship, a mentor, or a job, don’t be afraid to make that extra call or send that second email. You never know where a conversation may lead. Cheers!
