Thur, Dec 5, 12:30pm in KIPJ Theatre: Restoring the Public Space: Good Life, Communicative Action, and Cultural Agency in Latin American Urban Spaces. The Dept. of Communication Studies and Lambda Pi Eta invite you to a special presentation for this year's Advances in Communication Research event. Dr. Salvador Leetoy, Visiting Professor from the Tecnológico de Monterrey, Guadalajara Campus (Mexico), will present the keynote address.

Fri, Dec 6, 7:30pm, and Sun, Dec 8, 2:00pm in Founders Chapel: Lessons & Carols. Every year, the Frances G. Harpst Center for Catholic Thought and Culture invites the campus community and the public at large to gather in Founders Chapel to enjoy Lessons and Carols. Through poignant readings from the Old and New Testaments, accompanied by beautiful choral music provided by the USD Concert Choir and Choral Scholars, the congregation is invited to reflect on the birth of Jesus in the context of its significance in salvation history. The carols and hymns that accompany the readings are specially chosen for each year, along with some constant traditional favorites. Past festivals have included, "O Come, O Come Emmanuel", "Joy to the World", "Angels We Have Heard on High", "Lo, How a Rose E're Blooming" and "What Child is This", as well as the performance of selections from pieces such as Handel's Messiah and such uplifting modern carols as "Do You Hear What I Hear?", which has served as the festival's

recessional song. A full choir and orchestra, ably conducted by USD's musical maestro, Ed Basilio, Dept. of Music, lead the performance. Each year staff, faculty and students help with the preparations and volunteer to be part of the procession, bearing the Book of Gospels, candles and banners, as well as to deliver the readings – the lessons – themselves. Members of the Alcala Club assist with ushering and directing guests. Event is free. Each year this wonderful celebration requires significant planning and funding; your donations are welcomed. One of USD's most revered events, Lessons & Carols is not to be missed!

UC Berkeley Comparative Literature Undergraduate Journal opportunity for publication.

We are one of the few undergraduate journals in the nation exclusively dedicated to undergraduate research in the field of languages and literature. As such, this is an extraordinary opportunity for students to become published before they reach graduate school. Articles do not have to be written this past semester; we do ask for students to have been undergraduates when they wrote the paper. All of the information about submission guidelines, deadlines, and such can be found on our website www.ucb-cluj.org. The Spring 2014 issue deadline is January 31, 2014. What constitutes "Comparative Literature" because many students are concerned about whether their piece is appropriate. We construe 'comparative' broadly to include: Interdisciplinary work (Is the paper concerned with more than one medium? Film? Art? Literature? Philosophy?); Work that deals with more than one author/director/etc; Certain 'readings' of literature -- i.e. Hegelian readings of *Frankenstein*; and Articles that deal with more than one novel/poem/film/etc. If you have any questions, please feel free to contact Pujya Iyer, Editor, directly at berkeleycluj@gmail.com.[†]

Fri, Dec 6, 9:30-11:30am in MRH 135 (SOLES): Fabulous First Friday – Reflecting & Debriefing Your Classroom: Did We Get There Yet? The end of the semester is often a hectic time with a rush to make sure we get through all the content we had planned. There is little time for us to think about where we are and where we have been. However, the end of the semester can be a perfect time to review student learning and be reflective about our courses. During December's session, we will discuss various ways in which faculty can reflect about their semester and build upon what they have learned for the next semester. This topic will extend into January's session: How to Start Off Your Semester By Reflecting on the Past: Strategies for Engagement on the First Day of Classes. Fabulous First Fridays are monthly drop in discussion sessions about common classroom issues which are facilitated by experienced USD faculty. Ample time is given to share and tailor approaches to your own classroom situations and supplemental resource materials are provided. We welcome all faculty members to join us and discover, or rediscover, some of the best, research and experiential based, practices for teaching and learning. Please note: you are welcome to drop in and out of the sessions as your time allows. To register: <http://www.sandiego.edu/cee/events/registration.php>.

ALUMNI NEWS

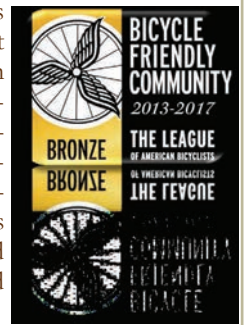

Jamie Shea, 2013, is teaching third grade at a school that serves students from low-income backgrounds in North Carolina. One goal she has is for all her students is to ramp up their reading fluency and levels. More than 2/3 of her students entered third grade with a reading level below where it should be. Jamie has created a project on Donors Choose, a 501(c)3 charity website, for a **leveled library**. This library has a set of books that are targeted to the level of the majority of her class and slightly above to help push them. When she began this year, her class library had 20 books. She is writing to ask for any donations possible for her students - no matter the size (seriously, every little bit counts). If you can't donate anything at this time, no worries... just share this information with anyone who you know is passionate about education. Your donation will have a direct impact on at least 24 students this year and you'll hear back from our class about your impact! Here's her classroom request: <http://www.donorschoose.org/project/third-graders-exploring-the-world-throug/1095678/>.

Bike Friendly University Designation: The League of American Bicyclists designated USD a Bronze level Bicycle Friendly University. USD is now a part of 75 "Bike Friendly" campuses across the country and the only university in San Diego with this designation. The award recognizes an institution's commitment to improving conditions for bicycling through investment in bicycling promotion, education programs, infrastructure and pro-bicycling policies. "We commend universities like USD who are leading the way to a healthier, more sustainable future," said Andy Clarke, President of the league. This designation is due in part to the bike rack infrastructure upgrade completed January 2013 and additional education, safety, and encouragement around alternative commuting to campus. <http://sites.sandiego.edu/sustainability/>.
