

CEE Preceptor Events

Preceptor workshops are opportunities for current preceptors and faculty who are considering teaching a preceptorial to gather and discuss topics of particular relevance to the first-year college student experience. These workshops aim to equip preceptors with knowledge and resources to both teach and mentor these important introductory courses in USD's liberal arts undergraduate program. Preceptors can register for workshops online or by calling (619) 260-7402.

USD Just Read!

The Immortal Life of Henrietta Lacks by Rebecca Skloot

Starting this fall, an unprecedented county-wide series of events launches which will examine research ethics and diversity issues through the platform of the best seller *The Immortal Life of Henrietta Lacks*.

From September 7, 2011 through April 2012, the Center for Ethics in Science and Technology, of which USD is a member, will devote eight of its monthly "Exploring Ethics" forums to different aspects of the riveting story of Lacks, an African-

American cancer patient whose cells were used for research without her knowledge or consent. A high point of the series will be a

November 2 "Exploring Ethics" lecture by the book's author, Rebecca Skloot, at the Reuben H. Fleet Science Center.
