Topic Selection and Preemption Checking
Topic Selection

- A good note topic will make a claim that is novel, nonobvious, useful, and sound, for both the writer and the potential readers.

- The first step to coming up with a claim is to identify a problem - new legal developments, conflicts in the law, gaps or errors in current scholarly understanding, or any other flaw or hole that you identify within the legal world as it stands. The next step is to propose a solution to that problem - your proposed solution then becomes your claim.

WorldCat and Interlibrary Loan

- To request an ILL, submit a request using our online form https://www.sandiego.edu/law/library/find-resources/ill/
LRC Interlibrary Loan

In the course of your research you will encounter book titles, journal articles, theses and dissertations which are not available in the Legal Research Center or books held by San Diego Circuit Libraries. The Interlibrary Loan Department at LRC will try to borrow such items for you from another institution as quickly as possible. We ask that you follow the ILL Policies when planning and placing an interlibrary loan request.
