Welcome to the University of San Diego

For more than six decades, the University of San Diego has been dedicated to providing a values-based education with a mission grounded in the Catholic intellectual tradition. Students are encouraged to explore how faith and reason are compatible in education and to develop strong moral convictions. The university welcomes students, faculty and staff of all faiths, and believes all people benefit from the examination of other traditions.

Like California’s oldest city, the University of San Diego took its name from San Diego de Alcalá, a Franciscan friar from Alcalá de Henares, a monastery near Madrid, Spain. The university’s 180-acre campus is called Alcalá Park, and the Spanish Renaissance architecture that characterizes Spain’s 500-year-old University of Alcalá serves as the inspiration for buildings on the university campus.

Under the leadership of Mother Rosalie Clifton Hill of the Society of the Sacred Heart and Bishop Charles Francis Buddy of the Diocese of San Diego, the University of San Diego began as separate colleges for men and women. The founding charter of the San Diego College for Women and San Diego University — comprising the San Diego College for Men and the School of Law — was granted in 1949. In 1972, the academic institutions merged into the University of San Diego.

Now governed by an independent Board of Trustees, the university remains dedicated to the values originally articulated by Mother Hill and Bishop Buddy. Students choose from dozens of undergraduate and graduate degree programs in academic divisions including the College of Arts and Sciences, the School of Business Administration, the Shiley-Marcos School of Engineering, the School of Leadership and Education Sciences, the School of Law, the Hahn School of Nursing and Health Science and the Joan B. Kroc School of Peace Studies.
Fields of Study (continued)

- MS in Executive Leadership
- MS in Global Leadership
- MS in Real Estate
- MS in Supply Chain Management
- MS in Taxation
- Custom Corporate MBA (JD required)

[Dual Degree Programs]
- MBA/Juris Doctor
- MBA/MS in Real Estate
- MBA through University of San Diego with Otto Beisheim School of Management
- MBA/MS in Finance/MS in Marketing through University of San Diego with Tecnológico de Monterrey

SCHOOL OF LAW
- Juris Doctor (JD)
- JD/LLM in Taxation
- LLM in Business and Corporate Law
- LLM in Comparative Law (for international lawyers)
- LLM in International Law
- LLM in Taxation
- General LLM (concentrations as approved)
- MS in Legal Studies

SCHOOL OF LEADERSHIP AND EDUCATION SCIENCES
[Graduate Programs]
- MA in Counseling
  - Clinical Mental Health
  - School Counseling

- Character Education Certificate
- Nonprofit Leadership Alliance Certificate
- Nonprofit Leadership and Management Certificate
- Peace and Global Education Certificate
- TESOL Certificate

OTHER
- Paralegal Certificate
Academic Excellence

An education at the University of San Diego is founded on a single and unwavering principle: the pursuit of academic excellence. A liberal arts education encourages students to develop critical thinking skills, engage in collaborative inquiry and participate in a free exchange of complex ideas.

Admission to the University of San Diego, which consistently ranks among the top schools in the United States, is highly selective. The university received more than 14,200 applications for 1,129 undergraduate openings in Fall 2014. The Class of 2018 entered with an average GPA of 3.90, and an average SAT score of 1222.

The educational experience at the University of San Diego is enriched with hands-on applications. In 2011, the Office of Undergraduate Research was established to support students from all disciplines. The faculty actively mentor students in research, creative activities and scholarly work. The mission of the Office of Undergraduate Research is to:

1. Enhance the educational experience of all undergraduates by supporting co- and extracurricular research opportunities that involve students in knowledge creation and dissemination;
2. Foster civic-minded leaders by supporting students to engage in local and global community-based research opportunities; and
3. Equip students with the skills required in the 21st century workplace by supporting collaborative and inter-disciplinary research opportunities.

Underlying this mission is a commitment to equity and access to ensure that all students are able to participate in and benefit from research activities and scholarship.

RANKINGS

In 2014, U.S. News & World Report ranked the University of San Diego as one of the top 100 universities in the nation, and No. 14 on its Up-and-Coming Schools list. Additionally, the publication ranked the Shiley-Marcos School of Engineering No. 14 among undergraduate engineering programs, and the Hahn School of Nursing and Health Science among the top 50 graduate schools. According to The Princeton Review, the University of San Diego is ranked No. 7 in the category of Most Beautiful Campus, and The Aspen Institute tabbed the university among the top 40 MBA programs in the country for advocating social responsibility. BusinessWeek ranked the School of Business Administration at No. 14 in Part-Time MBA Programs and No. 40 in Undergraduate Business Programs.
Sustainability

At the University of San Diego, sustainability is more than just a practice; it’s a way of life. Student-led initiatives provide sustainable solutions to the issues that define our times. Faculty members play an active role by incorporating sustainability both in and out of the classroom. Collaborative research projects and grants between faculty and students pay immediate dividends for the university community and society at large, including a $5 million grant by the National Science Foundation to educate community leaders about the impact of climate change.

The University of San Diego works to foster an ethic of conservation and innovation. The university has reduced its energy consumption since peak usage years by nearly 20 percent and reduced its water consumption by 30 percent. In 2011, the university installed more than 5,000 photovoltaic panels. These panels generate 14 percent of the university’s peak energy needs, making the system one of the largest solar energy producers among all private colleges in the United States.

The University of San Diego launched the Changemaker Hub, a campus wide manifestation of the university’s mission and values with the purpose of empowering and enabling the campus community to be Changemakers. The hub works with numerous partners on campus to provide a set of distinctive opportunities for all to employ imagination, hard work and passion to explore what it means to be a Changemaker, encouraging students, faculty and staff to act and collaborate in creating a better world.

The University of San Diego offers students multiple opportunities to grow as Changemakers. There is a portfolio of challenges that includes competitions such as the Changemaker Challenge, inviting everyone to submit creative solutions to a social problem posed by the San Diego community. Students can create their own projects as a Changemaker Summer Fellow or by getting involved in a Changemaker-designated student club or organization.

In 2011, with the support of a generous grant from U.S. Bank, the Changemaker Hub established the Impact Linda Vista Initiative. This project provides faculty and students the opportunity to work together with community partners to create positive social impact. To learn more about how USD engages in changemaking, go to www.sandiego.edu/changemaker.
Catholic Identity

As a Roman Catholic institution, the University of San Diego promotes a dialogue between faith and reason, and it pursues the cultivation of true knowledge in a community that values intellectual freedom, holistic personal development and mutual respect. The university embraces the ecumenical and interfaith teaching of the Second Vatican Council and is committed to creating a diverse and inclusive community of students, faculty and staff of every faith tradition, as well as those who identify with no particular faith tradition.

The university’s Catholic identity is manifest across campus through the presence of a vibrant faith community; a commitment to service in our local and global communities; dedication to advocating on behalf of a more just, humane and sustainable world; and the ongoing consideration of questions of vocation, meaning and purpose.

University Ministry provides Masses in Founders Chapel, as well as a variety of retreats, immersion programs, faith-sharing groups and sacramental preparation opportunities. The Frances G. Harpst Center for Catholic Thought and Culture articulates the message of the Catholic intellectual tradition through thought-provoking lectures, programs and cultural events. The Center for Christian Spirituality, founded by the Religious of the Sacred Heart, provides the greater San Diego community with opportunities for spiritual exploration and enrichment. And through the efforts of the Joan B. Kroc Institute for Peace and Justice, and the Joan B. Kroc School of Peace Studies, the university demonstrates its commitment to addressing issues of peace and justice.

Throughout the academic year, University Ministry offers regular liturgical celebrations in Founders Chapel. These include: daily Mass and the Sacrament of Reconciliation; Mass for Peace each Wednesday evening at 9 p.m.; and student Masses each Sunday at 7 p.m. and 9 p.m. Additionally, celebrations are offered throughout the year to commemorate special events in the life of the campus community. These include the Mass of Welcome, Mass of the Holy Spirit, Our Lady of Guadalupe Mass, Baccalaureate Mass and the All Faith Service. Additional information can be found at www.sandiego.edu/um.
An Inclusive Community

At its core, what does it mean to be a Catholic university in the 21st century? Of course, it means many things, but the message of love found in the Gospels can be understood as an urgent call to thought and action; all people are created by God, and deserve to be treated with dignity, empathy and compassion. When our campus community represents the diversity of human experiences, the breadth of God’s creation is reflected. When justice and solidarity are pursued inside and outside the classroom, we live out our mission. At the University of San Diego, we take this question seriously.

Projects in the 1990s and 2000s targeted efforts to support diversity and develop cultural competence. Since then, the community has been inspired to institutionalize this work, creating the Center for Inclusion and Diversity (CID) in 2010. This center advances diversity and inclusive excellence across campus by providing leadership for collaboration, engagement and assessment. The 2020 Strategic Plan for Diversity and Inclusive Excellence originated in, and is managed by, the CID.

Efforts involving the CID include the core curriculum revision, the development of co-curricular learning outcomes and planning, student success (retention, persistence and graduation) efforts, Olé Weekend, Living Learning Community (LLC), campus climate assessment, faculty and staff recruitment, and student recruitment and access issues. Events include monthly celebrations of inclusive excellence on campus, as well as collaboration in community engagement and Changemaker work throughout the year, and in national and international contexts.

The evolution of thought that emerges from these and other efforts at the University of San Diego demonstrates that mindful discourse and thoughtful action to advance diversity are not just academic exercises, but hallmarks of academic excellence.
International Studies Abroad

More than two-thirds of the University of San Diego’s undergraduate students participate in a wide range of study abroad programs that vary in duration, location and area of academic study. The university has been ranked among the top three schools in the nation for the past five years for the percentage of undergraduates participating in a study abroad program, according to the Institute of International Education’s Open Doors Report.

The University of San Diego offers programs in more than 80 cities worldwide. Students have the opportunity to study abroad during fall and spring semesters, January Intersession or summer term. During the semester-long sessions, students have the option to study around the world, including in the university’s first global campus, the Madrid Center Program, where they live in home stays and participate in a unique travel seminar throughout Spain.

Faculty-led summer and Intersession programs, which range from three to four weeks, are another unique opportunity for international exploration. In these affordable programs, students participate in courses and co-curricular experiences specific to the location they visit.

The Second Year Experience Abroad program is a special opportunity for sophomore students to study internationally during the Intersession of their second year. Students take core curriculum courses taught by university faculty in one of two locations: Florence, Italy, or Antigua, Guatemala. This program is a collaborative effort between the departments of Academic Affairs and Student Affairs and brings faculty and student affairs professionals together with students to create a unique and integrated study abroad experience.

**REQUIREMENTS**

A grade point average of 2.75 or higher, depending on the program, is required for participation in all study abroad programs. Students who study abroad for a semester must enroll in 12-18 units abroad and must have completed a minimum of 45 units prior to departure.

For additional updates about international opportunities abroad, or to obtain an application, visit the International Center in Serra Hall, Room 315, or go to www.sandiego.edu/studyabroad.
Athletics

The University of San Diego has established a long history of athletic success since fielding its first sports teams in the early 1950s. In 1961, the university adopted the nickname “Toreros,” the Spanish word for bullfighters. The Toreros’ traditional team colors are Columbia blue, navy blue and white.

In 1979, the university made the jump into NCAA Division I athletics, joining the West Coast Conference (WCC) that same year. Other WCC teams are Brigham Young, Gonzaga, Loyola Marymount, Pacific, Pepperdine, Portland, Saint Mary’s, San Francisco and Santa Clara. The university won an unprecedented five consecutive WCC Commissioner’s Cup trophies from 2008-2012 for best all-around athletic program. In 2014, all four fall team sports (football, women’s and men’s soccer, and women’s volleyball) advanced to the NCAA tournament, a first in school history.

Athletic facilities include the Jenny Craig Pavilion, home of the basketball and volleyball teams; Walter J. Zable Field at Torero Stadium, home for football and soccer; the Softball Complex; the Skip and Cindy Hogan Tennis Center and a fitness center open to all students. Fowler Park and Cunningham Field, home to Torero baseball, opened in 2013 with a new state-of-the-art facility. Torero Stadium has previously played host to the College Cup; the Final Four national championship for women’s soccer.

NCAA SPORTS
Men’s: baseball, basketball, cross country, football, golf, rowing, soccer and tennis.

Women’s: basketball, cross country, rowing, soccer, softball, swimming and diving, tennis, track and field, and volleyball.

Club Sports

With an ideal climate and an active student body, it’s easy to see why club sports are such an integral component of the student experience. Currently, more than 500 students participate each year in events ranging from surf contests along the California coastline to weekend-long rugby tournaments featuring college teams from across the country.

Club sports teams include: baseball, beach volleyball, climbing, dance company, equestrian, golf, lacrosse (men’s and women’s), quidditch, roller hockey, rugby, running, soccer (men’s and women’s), surfing, tennis, ultimate frisbee, volleyball (men’s and women’s), water polo (men’s) and waterskiing.
LIVING ON CAMPUS

Housing is available to students all four years, and is a requirement of the first and second year experience — unless they are commuting from home. Within the freshman residential facilities, floors and wings are gender specific and offer either semiprivate or community-style bathrooms. Upperclassmen and transfer students can choose from five uniquely styled apartment complexes. Graduate and law students are housed in Manchester Village and the Presidio Terrace Apartments.

All first-year students participate in Living Learning Communities. In 2014-15, nine Living Learning Communities (LLCs) are being housed within the four residence halls designated for freshmen. LLCs bring students with similar interests — such as honors, sustainability and social change — together in the residence hall areas. Freshmen in the LLCs are able to share ideas, discuss different perspectives outside of class and enjoy the company of friends with similar passions; thereby becoming more engaged in their residential community. This program is a partnership between the Department of Student Affairs and the College of Arts and Sciences. Second-year students can participate in the Second-Year Torero Experience Program (STEP), a collaborative effort designed for sophomore-specific needs, including career development and a focus on community building and wellness.

A total of 2,600 freshmen, transfer, returning upperclassmen, law and graduate students are enjoying the academic, programming, safety and convenient benefits associated with being members of the campus residential community in 2014-15. All student residents have immediate access to professional community directors, resident ministers and student resident assistants who are committed to enhancing their academic, social and spiritual growth.

Campus Culture

One of the best things about being a student at the University of San Diego is experiencing life on campus. The friendly and energetic atmosphere guarantees that there is always something to do, and someone to do it with. The active, thriving community offers plenty of opportunities to get involved with fellow students and residents from the neighborhood surrounding Alcalá Park.
Student Life Pavilion
The 50,000-square-foot Student Life Pavilion (SLP) — the hub of campus life — features an outdoor Plaza Mayor, abundant dining spaces with a wide range of delicious menu options, an award-winning market and numerous venues for student government, Greek life, and student centers and organizations. The SLP has earned gold LEED certification, a designation that reflects the facility’s exemplary environmental practices.

Dining Services
Dining Services offers students, faculty, staff and guests high-quality, nutritious food in a variety of convenient and comfortable settings. The university’s self-operated dining and catering team serves more than 8,000 meals daily. Pavilion Dining, located on the first floor of the Student Life Pavilion, offers 12 uniquely delicious dining options, as well as a culinary workshop encompassing an array of global cuisine.

Transportation
There are many ways to get around campus and San Diego for those without access to a car. The university’s Tram Service is an on-campus shuttle service that moves students, faculty, staff and visitors to various stops on the campus. It also provides morning and evening service to the nearby Old Town Trolley Station for connections to city buses, lightrail and Amtrak. Zipcar provides students with the freedom to have transportation when they need it, without the expense and trouble of having a personal car on campus. San Diego bus stops and trolley stations are also just a short walk from campus.

Student Organizations
More than 150 organizations, including fraternities and sororities, academic clubs and multicultural associations, are open to students. For more information regarding student organizations, please contact the Student Leadership and Involvement Center (SLIC) at (619) 260-4802, email slic@sandiego.edu or visit the SLIC in the Student Life Pavilion, Room 316.

Campus Recreation
More than half of the university community participates in one of the many campus recreation programs offered each year. Intramurals include leagues in flag football, softball, tennis, volleyball, soccer, basketball and innertube water polo. More than 60 recreation and fitness classes are offered each semester. The university’s club sports host more than 500 students participating in 24 club teams. Aquatic offerings include classes in swim training, water polo, surfing, wakeboarding, scuba, kayaking, sailing, stand-up paddleboarding, waterskiing and flow boarding.

The Sports Center is available for informal games of basketball, volleyball and tennis. A 12-lane heated lap pool is open for aquatic activities ranging from lap swimming to pool basketball. Nearby, find a grab-and-go snack bar, equipment checkout and locker rooms. Additionally, the Sports Center has an on-campus athletic trainer who specializes in injury prevention and rehabilitation. The Mission and McNamara fitness centers offer fitness programs and informal training on both cardio and resistance training equipment. Additionally, 20 “Group Ex” drop-in classes are offered each week, along with opportunities to work out with a personal trainer. Outdoor Adventures serves the campus community with opportunities to participate in outdoor activities that promote personal growth, leadership development, relationship-building and environmental responsibility.

Technology
Information Technology Services (ITS) provides state-of-the-art computing and network access for students, faculty and staff. The university’s network capacity is designed to accommodate more than 50,000 devices, and network statistics show that typically, students have an average of three wireless devices. MySDMobile is an application suite for Apple and Android mobile devices, and offers students easy access to course schedules, events and other important information. Students will also find a “virtual one stop” location for access to administrative services at the campus portal, MySanDiego. The portal offers online access for admissions, registration, housing, meal plans, student accounts, financial aid, degree audit, grades, transcripts and other important administrative services. The ITS Help Desk offers services and technical support for all USD computing and technology matters. Students have access to several computing labs, and a special media development lab is available for student projects.

Public Safety
The university’s public safety officers patrol the campus around the clock, seven days a week. The department also offers a dusk-to-dawn public safety escort for community members walking to any location on campus or within a one-mile radius.

Life in San Diego

California’s second-largest city and the United States’ eighth-largest, San Diego has more than 1.3 million residents. Proximity to the Mexican border gives the city an international perspective that is reflected in the region’s architecture, culture and celebrations.

With an average daytime temperature of 70.5 degrees and sunshine nearly 300 days a year, San Diego is one of the few places in the world where residents can catch a wave in the morning, drive a few hours to ski or play in the snow, then head for the desert in the evening.

Home to a thriving music, theater and arts scene, San Diego also boasts 70 miles of pristine beaches and an array of world-class family attractions. The renowned San Diego Zoo is just one small part of Balboa Park, an urban expanse that houses the largest concentration of museums on the West Coast, as well as art galleries, beautiful gardens and the Tony Award-winning Old Globe Theatres.

Petco Park is home to baseball’s San Diego Padres, while Qualcomm Stadium houses the NFL’s San Diego Chargers.

The Mission Bay Aquatic Center is the world’s largest recreational waterfront facility, offering instruction in an array of water sports, including sailing, surfing and kayaking.

Visiting the University of San Diego

Planning a visit to the University of San Diego is easy. Student-guided walking tours and information sessions with an admissions counselor are offered every weekday at 10 a.m. and 1:30 p.m. Tours also are available on select Saturdays between November and April. To learn more, contact the Office of Undergraduate Admissions at (619) 260-4506 or (800) 248-4873, or email admissions@sandiego.edu.

DRIVING DIRECTIONS

From the North:
Take I-5 south, exit SeaWorld Drive/Tecolote Road and proceed left at the stoplight toward Morena Boulevard. Turn right onto Morena, left onto Napa Street, and left onto Linda Vista Road. Travel up the hill to the university’s main entrance, turn left and enter campus.

From the South (or the airport):
Take I-5 north, exit Morena Boulevard. (Signs will say “Morena Blvd. Use I-8 East.”) Stay to the right and exit onto Morena Boulevard. Take the first right onto Linda Vista Road. Travel up the hill to the university’s main entrance, turn left and enter campus.

From the East:
Take I-8 west, exit at Morena Boulevard, go right onto Linda Vista Road and travel up the hill to the university’s main entrance, turn left and enter campus.

Once you have entered campus, please ask for a visitor’s parking permit from the kiosk and request directions to the Office of Undergraduate Admissions. Be sure to leave extra time to park.

From San Diego International Airport (Lindbergh Field):
The campus is a 10-minute cab ride, approximately $20.
Financial Aid

The primary purpose of the financial aid program at the University of San Diego is to provide support to students who otherwise would be unable to attend the university. Financial assistance consists of scholarships, grants, loans and employment.

Need is the primary factor in awarding most financial aid. For university scholarships and grants, consideration is given to the applicant’s academic achievement, character and potential. Students requesting financial assistance from university resources must also apply for scholarships and grants funded by their home states for which they may be eligible.

A financial aid package is designed to help meet the financial need of each individual student. Each package may consist of funding from one or more programs and can vary depending on established need and/or merit.

The university’s Office of Financial Aid is available to assist students with the cost of attending the university. Students who complete the Free Application for Federal Student Aid (FAFSA) by the priority deadline will be considered for all types of financial aid. More information is available at the Office of Financial Aid or its website, www.sandiego.edu/financialaid.

FINANCIAL AID

Seventy-two percent of undergraduates enrolled in 2013-14* received some form of financial aid, totaling more than $145 million. More information is available at the Office of Financial Aid or its website, www.sandiego.edu/financialaid.
