

**Full Time Non-Tenure Track
Faculty Opportunity
Environmental and Ocean Sciences Department
University of San Diego
Start date: January or September 2020**

The University of San Diego (USD) department of Environmental and Ocean Sciences (EOSC) invites applications for a full-time non-tenure track faculty (benefits based on a 9-month contract) to teach courses in geological/physical or ecological environmental science or marine science.

USD is an independent Catholic university whose primary aim is teaching excellence. The faculty member will teach 18-21 units (6-8 lectures or labs per year) of freshman/sophomore-level lectures and laboratory sections, and some junior/senior/graduate (MS)-level courses. Course descriptions can be found at: <http://www.sandiego.edu/cas/environmental-ocean-sciences/program/?area=courses>. In addition, we will consider "Special Topics" courses in the faculty member's area of expertise. In addition to teaching, the faculty may have an opportunity for leadership in department-sponsored high-school science outreach programs (for additional compensation). Participating in collaborative research and mentoring student research as well as optional additional teaching is possible during the summer. EOSC faculty maintain strong ties with marine and environmental researchers at multiple local institutions. Though this position will start in Fall 2020, an earlier start date (late January, 2020 for teaching in the Spring) may be possible.

Applicants should submit a curriculum vita, list of two references, a statement of interest which discusses teaching philosophy, qualifications and experience, and a selection of courses in our curriculum you are most qualified to teach. In addition, if applicable, please briefly discuss your interest and experience in STEM educational outreach. All application materials should be submitted as a single pdf file via e-mail to Soroya Rowley (soroya@sandiego.edu) with the subject line "EOSC Faculty Search". Further questions can be directed to Sarah Gray (sgray@sandiego.edu).

Qualifications: PhD (preferred) or MS. Teaching experience at the college/university level required. Demonstrated interest or experience in STEM educational outreach is desirable.

Compensation: \$~65,000.00 with potential teaching opportunities for additional compensation during the summer. This is a 9-month benefits-based position with the possibility of a multi-year contract after a probationary period. The University of San Diego offers a very competitive benefits package, to include medical, dental, vision, a 12% retirement contribution given to you by the University (with three-year vesting period).

Background check: Successful completion of a pre-employment background check.

Degree Verification Requirement: Persons offered employment in this position will be required to provide official education transcripts for degree verification purposes.

Closing date: For full consideration, materials must be received by **October 18th, 2019**.
