The University of San Diego sets the standard for an engaged, contemporary Catholic university where innovative Changemakers confront humanity’s urgent challenges.

sandiego.edu/envisioning-2024
The University of San Diego is dedicated to providing a values-based education with a mission grounded in Catholic intellectual tradition.

Like the city of San Diego itself, the University of San Diego takes its name from San Diego de Alcalá, a Franciscan friar from Alcalá de Henares, a monastery near Madrid, Spain. The university’s 180-acre campus is called Alcalá Park, and the Spanish Renaissance architecture that characterizes Spain’s 500-year-old University of Alcalá serves as the inspiration for buildings on the university campus.

Under the leadership of Mother Rosalie Clifton Hill of the Religious of the Sacred Heart and Bishop Charles Francis Buddy of the Diocese of San Diego, the University of San Diego began as separate colleges for men and women. The founding charter of the San Diego College for Women and San Diego University — comprising the San Diego College for Men and the School of Law — was granted in 1949. In 1972, the academic institutions merged into the University of San Diego.

Now governed by an independent Board of Trustees, the university remains dedicated to the values originally articulated by Mother Hill and Bishop Buddy. Students choose from undergraduate and graduate degree programs in academic divisions that include the College of Arts and Sciences, the School of Business, the Shiley-Marcos School of Engineering, the School of Leadership and Education Sciences, the School of Law, the Hahn School of Nursing and Health Science, the Joan B. Kroc School of Peace Studies and Professional and Continuing Education.

For a complete list of undergraduate majors and minors, graduate, law and doctoral programs and program certifications, go to sandiego.edu/academics.

For a virtual tour of campus, go to tour.sandiego.edu.
A University of San Diego education is founded on an unwavering principle: the pursuit of academic excellence.

Admission to the University of San Diego is highly selective. The university received more than 13,287 applications that resulted in 1,310 new first-year students in Fall 2018. The Class of 2021 entered with an average GPA of 3.9 and an average SAT score of 1,275.

RANKINGS

1 USD ranked first for undergraduate study-abroad participation among doctorate-granting universities by the Institute of International Education in 2018.

16 In 2018, U.S. News & World Report ranked the School of Law’s Tax Program at No. 16.

30 The Hahn School of Nursing and Health Science’s master program in nursing was ranked No. 30 by U.S. News & World Report in 2018.

85 USD was ranked at No. 85 in the nation by U.S. News & World Report in 2018, making the university the youngest independent university among the top 100.

100 The School of Leadership and Education Sciences ranks in the top 100 graduate schools of education by U.S. News & World Report in 2018.

For a current list of rankings, visit sandiego.edu/rankings.
Because the world needs changemakers

The University of San Diego embraces its Catholic, moral and social tradition by aligning rigorous academic requirements with a campus culture that encourages students to use their natural talents to be engaged, compassionate citizens. USD is one of only 44 universities in the world to earn the Ashoka U designation as a Changemaker campus.

Through the Changemaker Hub, the university empowers students to develop knowledge and experiences to confront humanity’s most urgent challenges.

Students are challenged to immerse themselves in the community, distill ideas, conduct research, scale programs for maximum impact, and write business plans that turn concepts into actionable solutions. Many communities, in San Diego and beyond, collaborate with the Hub and its partners on campus, such as the Mulvaney Center for Community, Awareness, and Social Action, to address important social issues. The Changemaker Hub also incentivizes and channels faculty and student activity in research and community engagement through the Changemaker Faculty Fellows development program, Impact Linda Vista Initiative and the Changemaker minor. Through a values-based education and an ecosystem for innovation and social change, USD students gain practical skills in critical thinking, problem solving, empathy and teamwork.

To learn more, go to sandiego.edu/changemaker.

At USD, sustainability is a way of life. Student-led initiatives provide sustainable solutions to the issues that define our times. Faculty members play an active role by incorporating sustainability in and out of the classroom. There are nearly 400 courses containing sustainability concepts taught at the University of San Diego.

USD also houses the San Diego Climate Collaborative, an organization working in the San Diego region to share expertise, leverage resources and advance comprehensive solutions to facilitate climate change planning. Learn about USD’s Climate Action Plan at sandiego.edu/climate-action-plan.

The university has reduced its energy consumption by more than 28 percent since 2010 and reduced its water consumption by more than 9 percent since 2010. More than 5,000 photovoltaic panels generate 7 percent of the university’s peak energy needs, making the system one of the largest solar energy producers among all private colleges in the United States.

The university’s fair-trade and bike-friendly campus designations also help to bolster its reputation as one of the most sustainable campuses in the nation.

The first of its kind on a college campus, the University of San Diego Electronics Recycling Center (ERC) has been a living example of the university’s commitment to social entrepreneurship. In late 2018, the ERC temporarily closed while the facility is being revamped to develop the best approach to serve both the university and the community. It is expected to reopen in mid-2019.
As a Roman Catholic institution, the University of San Diego is committed to the compatibility of faith and reason as well as the pursuit of truth in a community that prizes intellectual freedom, respect, civility and holistic personal development. Named one of the top 20 Catholic colleges and universities by America.edu, the university is dedicated to creating a diverse and inclusive community of students, faculty and staff comprised of individuals from every faith tradition, as well as those who do not identify with a tradition.

The university’s Catholic identity is manifest across campus through the presence of a vibrant faith community; a commitment to service; the dedication to advocating on behalf of a more just, humane and sustainable world; and the consideration of questions of vocation, meaning and purpose.

University Ministry offers a variety of liturgies, retreats, immersion programs, faith-sharing groups and sacramental preparation opportunities. The Frances G. Harpst Center for Catholic Thought and Culture articulates the message of the Catholic intellectual tradition through thought-provoking lectures, programs and cultural events. The Center for Christian Spirituality, founded by the Religious of the Sacred Heart, provides the campus and the greater San Diego community with opportunities for spiritual exploration and enrichment. And through the efforts of the Joan B. Kroc School of Peace Studies, the university demonstrates its commitment to addressing issues of peace and justice.

Additional information can be found at sandiego.edu/catholic.
At its core, what does it mean to be an engaged, contemporary Catholic university in the 21st century? Of course, it means many things, but the message of love found in the Gospels resonates as an urgent call to thought and action; all people are created by God, and deserve to be treated with dignity, empathy and compassion. When our campus community justly represents the beauty and diversity of human experiences, we manifest the breadth of God’s creation. When social justice and solidarity are pursued inside and outside the classroom, we live out our mission.

Projects in the 1990s and 2000s targeted efforts to support diversity and develop cultural awareness. Since then, the community has been inspired to institutionalize our commitment to such efforts, creating the Center for Inclusion and Diversity (CID) in 2010. The CID advances inclusive excellence across campus through research and action — and by providing leadership for collaboration and campus engagement. The CID created and manages the 2020 Strategic Plan for Diversity and Inclusive Excellence.

Across divisions, focused efforts include the United Front Multicultural Center, the Black Student Resource Center, TRiO (Upward Bound, McNair Scholars, and Student Support Services), Office of Tribal Liaison, Veterans Center and the Women’s Center. USD ensures cohesive and aligned efforts through close collaboration with the Changemaker Hub, the Center for Educational Excellence, Mulvaney Center for Community, Awareness, and Social Action, the International Center, Undergraduate Admissions, Financial Aid and academic departments across the college and schools.

The evolution of thought that emerges from these and other efforts at USD demonstrates that mindful discourse and thoughtful action to advance diversity are not just academic exercises, but hallmarks of institutional excellence.
STUDY ABROAD

The University of San Diego offers undergraduate and graduate students the opportunity to study throughout the world. Currently ranked first in the nation for study-abroad programs by the Institute of International Education, more than two-thirds of the University of San Diego’s undergraduate students participate in a wide range of study-abroad programs that vary in duration, location and area of academic study. The university has been ranked among the top 10 schools in the nation for the past five years for the percentage of undergraduates participating in a study-abroad program and, in 2015, earned the prestigious Senator Paul Simon Award for Campus Internationalization.

The University of San Diego offers undergraduate-focused programs in more than 80 cities worldwide. Students have the opportunity to study abroad during fall and spring semesters, January intersession or summer terms. During a semester-long session, students have the option to study around the world, including at the university’s first global location, the USD Madrid Center, where they can reside with local families and participate in the unique Travel Seminar throughout Spain. Dual degree programs exist in France, Ireland, Italy, Portugal and Spain to allow undergraduate business students the unique opportunity to earn two degrees in four years by spending between one and two years abroad.

USD faculty-led summer and intersession programs, which are available for undergraduate and graduate students and range from two to four weeks, are another unique opportunity for international exploration. In these affordable programs, students participate in courses and co-curricular experiences specific to the location they visit.

No matter the field of study or interest, graduate and undergraduate students have several opportunities at USD to expand their international knowledge, enhance their cross-cultural awareness and develop as global citizens.

REQUIREMENTS

A grade point average of 2.75 or higher (depending on the program) is required for participation in all study-abroad programs. Students who study abroad for a semester must enroll in 12-18 units and must have completed a minimum of 45 units prior to departure.

For additional updates about international opportunities, or to obtain an application, visit the International Center in Serra Hall, Room 201, or go to sandiego.edu/studyabroad.
The University of San Diego has had a long history of athletic success since fielding its first sports teams in the early 1950s. In 1961, the university adopted the nickname “Toreros,” the Spanish word for bullfighters. The traditional team colors are Torero blue, navy blue and white.

In 1979, the university made the jump into NCAA Division I athletics as a charter member of the West Coast Conference (WCC). Other WCC teams are Brigham Young, Gonzaga, Loyola Marymount, Pacific, Pepperdine, Portland, Saint Mary’s, San Francisco and Santa Clara. The university won an unprecedented five consecutive WCC Commissioner’s Cup trophies from 2008-2012 for best all-around athletic program.

Athletic facilities include the Jenny Craig Pavilion, home of the basketball and volleyball teams; Walter J. Zable Field at Torero Stadium, home for football and soccer; the Softball Complex; the Skip and Cindy Hogan Tennis Center; the Sports Center Pool, home of the swimming and diving teams and a fitness center open to all students. Fowler Park and Cunningham Field, home to Torero baseball, opened in 2013 with a new state-of-the-art facility. Torero Stadium has previously played host to the College Cup, the Final Four national championship for women’s soccer.

**NCAA SPORTS**

- Men’s: baseball, basketball, cross country, football, golf, rowing, soccer and tennis.
- Women’s: basketball, cross country, rowing, soccer, softball, swimming and diving, tennis, track and field and volleyball.

**CLUB SPORTS**

- With an ideal climate and an active student body, it’s easy to see why club sports are such an integral component of the student experience. Currently, more than 500 students participate each year in events ranging from surf contests along the California coastline to weekend-long rugby tournaments featuring college teams from across the country.
- Club sports teams include baseball, climbing, dance company, e-sports, equestrian, golf, lacrosse (men’s and women’s), roller hockey, rugby, running, soccer (men’s and women’s), surfing, tennis, ultimate Frisbee, volleyball (men’s and women’s), water polo (men’s) and waterskiing.
On-campus housing is available to students all four years and is a requirement of the first- and second-year experience — unless commuting from home. Within the first-year residential facilities, floors and wings are gender specific and offer either semiprivate or community-style restrooms. Upper-division and transfer students can choose from five uniquely styled apartment complexes.

All first-year students participate in Living Learning Communities (LLCs). LLCs bring students with similar interests — such as sustainability, civic engagement and social innovation — together in the residence hall areas. First-year students in the LLCs are able to share ideas, discuss different perspectives outside of class and enjoy the company of friends with similar passions, thereby becoming more engaged in their residential community. This program is a partnership between the Division of Student Affairs and the College of Arts and Sciences. Second-year students can participate in the Second-Year Torero Experience Program (STEP), a collaborative effort designed specifically to meet the needs of second-year students, including career development and a focus on community building and wellness.

More than 2,600 first-year, transfer, returning upper-division, law and graduate students are enjoying the academic, programming, safety and convenient benefits associated with being members of the campus residential community in 2018-19. All resident students have immediate access to professional community directors, resident ministers and student resident assistants who are committed to enhancing their academic, social and spiritual growth.

Both the LLCs and Transfer Learning Communities (TLCs) for new transfer students help fulfill a core curriculum course and the first-year integration component necessary for graduation.
Aquatic offerings include classes in swim training, water polo, surfing, wakeboarding, scuba, kayaking, sailing, stand-up paddleboarding, waterskiing and flowboarding.

The Sports Center is available for informal games of basketball, volleyball and tennis. A 12-lane heated lap pool is open for aquatic activities ranging from lap swimming to pool basketball. Nearby, find a grab-and-go snack bar, equipment checkout and locker rooms. The Mission and McNamara fitness centers offer fitness programs and informal training on both cardio and resistance training equipment. Additionally, 20 Group Ex drop-in classes are offered each week, along with opportunities to work out with a personal trainer.

Outdoor Adventures serves the campus community with opportunities to participate in outdoor activities that promote personal growth, leadership development, relationship building and environmental responsibility.

Information Technology Services (ITS) provides state-of-the-art computing and network access for students, faculty and staff. The university's network capacity is designed to accommodate more than 50,000 devices, and network statistics show that, typically, students have an average of three wireless devices. MySDMobile is an application suite for Apple and Android mobile devices that offers students easy access to course schedules, events and other important information. Students will also find a “virtual one stop” location for access to administrative services at the campus portal, MySanDiego.

The portal offers online access for admissions, registration, housing, meal plans, student accounts, financial aid, degree audit, grades, transcripts and other important administrative services. The ITS Help Desk offers services and technical support for all USD computing and technology matters. Students have access to several computing labs, and a special media development lab is available for student projects.

The university's public safety officers patrol the campus around the clock, seven days a week. The department also offers a dusk-to-dawn escort for community members walking to any location on campus or within a one-mile radius.
Serving the entire USD community, Copley Library is a busy campus hub that provides students with access to a wide variety of information sources. The library is both a knowledge center and a place where students can find comfortable areas for quiet study and active group study sessions. Doors are open 116 hours per week, providing access to collections, computer workstations, study rooms and special services.

Copley Library is a member of the San Diego Circuit Library Consortium, which maintains a database linking libraries (UCSD, SDSU, CSUSM, USD, San Diego County and San Diego Public) in the region. Through this consortium, USD students and faculty can easily borrow materials from other San Diego libraries. Books and other items not available through the circuit can be requested via our interlibrary loan and document delivery services.

Library faculty members help students to develop lifelong research skills by providing course-integrated instruction sessions, individual consultations, reference services, online subject guides and workshops on topics such as citation styles and database searching.

Librarians also support student research through outreach to the Living Learning Communities and Transfer Learning Communities, keeping students informed throughout the year about library resources, services and events.

COLLECTIONS AND TECHNOLOGY

Copley Library’s collections include more than 500,000 books, 17,425 media items and 3,000 print journals. The library also provides online access to 191 databases, 75,950 e-periodicals and 163,300 e-books. Technology items such as laptop computers, phone chargers, graphing calculators and more are available for checkout.

In addition to our wired computer workstations, Wi-Fi is available throughout the library building. Additional information can be found at sandiego.edu/library.
USD’s Career Development Center actively engages with students to provide personalized counseling, promote professional development and collaborate with employers, graduate schools and other organizations to give students and alumni many opportunities for lifetime career success.

Our innovative career team structure addresses the unique developmental needs of all students, tailoring our approach to each phase and each student. Artfully renovated facilities and a unique “hub and spoke” service-delivery model of career support at every stage of a student’s experience ensure both broad and deep career impact throughout the USD community.

USD CAREER DESTINATIONS

The USD Career Development Center compiles data on students completing their undergraduate degrees each year. This data, gathered from multiple sources, reflect the initial career destinations for 74.7 percent of the 1,370 students graduated between August 2016 and May 2017.

- 75.7% Received their first job offer before graduating.
- 95.1% Respondents that are employed full time reported that they received their first job offer within three months of graduating.
- 94.5% Current position aligns with their professional career goals.
- 78.6% Participated in at least one experiential learning activity such as an internship, community service, research opportunity or mentorship.

Learn

Students engage in counseling appointments, classroom presentations, focused workshops, and networking events to explore a multitude of career paths.

Connect

Torero Connections, the mentorship platform provided by the Career Development Center, connects students to alumni to assist in broadening their network and finding careers.

Exploration

Career assessments are available for students to help them define their strengths and areas of interest such as CliftonStrengths, MBTI and Strong Interest Inventory. Internships and Torero Treks assist in opportunities to gain new insights into career choices.

Each year, with generous support from university partners and donors, the Career Development Center supports more than 40 interns with additional stipends that allowed them to pursue full-time internships in areas such as nonprofits, startups and a wide range of professional firms. This allows USD students to explore career options and get real-world experience in the process.

USD is proud of its partnerships with our recruiting partners and alumni who help drive our mission of academic excellence, knowledge, community, ethical conduct and compassionate service.
California’s second-largest city and the United States’ eighth-largest, San Diego has more than 1.3 million residents. Proximity to the Mexican border gives the city an international perspective that is reflected in the region’s architecture, culture and celebrations.

With an average daytime temperature of 70.5 degrees and sunshine nearly 300 days per year, San Diego is one of the few places in the world where residents can catch a wave in the morning, drive a few hours to ski or play in the snow, then head for the desert in the evening.

Home to a thriving music, theater and arts scene, San Diego also boasts 70 miles of pristine beaches and an array of world-class family attractions. The renowned San Diego Zoo is just one small part of Balboa Park, an urban expanse that houses the largest concentration of museums on the West Coast, as well as art galleries, beautiful gardens and the Tony Award-winning Old Globe Theatre. Petco Park is home to the San Diego Padres.

The Mission Bay Aquatic Center is the world’s largest recreational waterfront facility, offering instruction in an array of watersports, including sailing, surfing and kayaking.

The San Diego region is a diverse and innovative community, home to such a plethora of science and technology companies that some refer to it as the Silicon Valley of biotechnology.

USD’s campus is located just 22 miles from the Mexican border, which is one of the many reasons that students graduate with a deep understanding of the global landscape and an international perspective.

ATTRACTIONS
- Anza-Borrego State Park
- Balboa Park
- Belmont Park
- Birch Aquarium

VISITING THE UNIVERSITY OF SAN DIEGO

Planning a visit to the University of San Diego is easy. Student-guided walking tours and information sessions with an admissions counselor are offered every weekday at 10 a.m. and 1:30 p.m.

Tours are also available on select Saturdays between November and April. To learn more, contact the Office of Undergraduate Admissions at (619) 260-4506 or (800) 248-4873, or email admissions@sandiego.edu.

For a virtual tour of campus, go to tour.sandiego.edu.

DRIVING DIRECTIONS

From the north:
Take I-5 south, exit Sea World Drive/Tecolote Road and proceed left at the stoplight toward Morena Boulevard. Turn right onto Morena, left onto Napa Street, and left onto Linda Vista Road. Travel up the hill to the university’s main entrance, turn left and enter campus.

From the south (or the airport):
Take I-5 north, exit Morena Boulevard. (Signs will say “Morena Blvd. Use I-8 east.”) Stay to the right and exit onto Morena Boulevard. Take the first right onto Linda Vista Road. Travel up the hill to the university’s main entrance, turn left and enter campus.

From the east:
Take I-8 west, exit at Morena Boulevard, go right onto Linda Vista Road and travel up the hill to the university’s main entrance, turn left and enter campus.

Metered parking is available at marked spaces throughout campus. Visitors pay by vehicle license plate number, rather than the parking space number painted on the ground. There is no need to display a permit on the vehicle’s dashboard.

From San Diego International Airport:
The campus is a 10-minute cab ride, approximately $20.
The primary purpose of the financial aid program at the University of San Diego is to provide support to students who otherwise would be unable to attend the university. Financial assistance consists of scholarships, grants, loans and employment.

Need is the primary factor in awarding most financial aid. For university scholarships and grants, consideration is given to the applicant’s academic achievement, character and potential.

A financial aid package is designed to help meet the financial need of each individual student.

Each package may consist of funding from one or more programs and can vary depending on established need and/or merit. The university’s Office of Financial Aid is available to assist students with the cost of attending the university. Students who complete the Free Application for Federal Student Aid (FAFSA) by the priority deadline will be considered for all types of financial aid.

For more information, visit the Office of Financial Aid or go to sandiego.edu/financialaid.

FINANCIAL AID

Seventy-four percent of undergraduates enrolled in 2017-18 received some form of financial aid, totaling more than $163.56 million (including $31.79 million in Federal PLUS Loans).

TUITION RATES (2018-19)
