WHAT SHE THINKS ABOUT USD LAW

“I want to come to USD School of Law because it has a reputation for being the best in the area, but I’m worried about the debt I will incur from law school. And since USD is a private university, I’m afraid that it might be more expensive than other law schools.”

BACKGROUND AND VALUES

- Young professional at PR firm
- Felt a little empty using his skills solely for corporate benefit
- Views law school as a way to channel his natural talents in a fulfilling way
- Connection to the outdoors has inspired him to pursue a career in environmental law

WHAT HE THINKS ABOUT USD LAW

"USD School of Law looks like it has a solid reputation, and the climate and location that are spot on. But with a ranking that's not top 50, will it provide the high quality education, social fulfillment, support network of mentors, and cost-effectiveness to make it the right choice? "
