Academic Success Program

USD Law offers services and programs specially designed to help law students succeed during each year of their studies.

CHAPTER TWO: Beyond the Classroom

Hands-on legal experience.

USD Law is **committed to** providing students with **practical experience** through extensive clinics, advocacy programs, externships, and other placement programs.

Brisa Velazquez

represented a client during an unemployment insurance appeal hearing as part of her involvement with **USD Law's Workers' Rights Legal Clinic**. The client had originally been denied employment insurance benefits, but Velazquez, under the supervision of the clinic's attorneys, was able to reverse the denial at the appeal hearing.

“Getting those much needed benefits for my client helped her feel empowered. And it was empowering to me as a law student too. I was so gratified to apply my legal skills and knowledge for the benefit of someone facing real-world legal problems.”

Clinical Opportunities

USD Law has a long and rich tradition of allowing students to take on real cases under a supervising attorney to provide service to low-income residents in the San Diego communities.

- Appellate Clinic
- Child Advocacy Clinic
- Civil Clinic
- Education and Disability Clinic
- Energy Law and Policy Clinic
- Entrepreneurship Clinic
- Federal Tax Clinic

Irene Zhang

credits her participation with **USD Law's Vis International Commercial Arbitration Moot (VICAM)** team with helping her develop necessary confidence in her oral advocacy skills. Because she was part of a close-knit team with other law students, she never felt alone, and her initial fears melted away.

“It's been like being part of a wonderful family where everyone is on your side.”

Advocacy Programs

USD Law provides the opportunity for elite advocates to compete in national and international trial, appellate, arbitration, and transactional tournaments.

- **Appellate Moot Court** allows students to improve their brief-writing skills and argue an appeal before a panel of judges while competing for academic honors and membership on regional and national teams.
- **Vis International Commercial Arbitration Moot (VICAM)** team offers students the opportunity to improve their international legal writing and advocacy skills by competing in the Willem C. VICAM tournament, held annually in Vienna and Hong Kong.
- **National Trial Team** allows students to compete in five major tournaments each year, teaching them the art of trial advocacy and molding them into strong future litigators.
- **Transactional Law Team (TLT)** offers students a “moot court-like” experience in a transactional setting. Coached by our own Dean Ferruolo, TLT is designed to give law students a hands-on experience in developing and honing transactional lawyering skills, culminating in the annual National Transactional LawMeet.
