WHAT IS IT?

This section will tell you how a Fictitious Business Name is defined, as well as who should file a Fictitious Business Name Statement.

The Definition of Fictitious Business Name is:

A business name that DOES NOT include the surname of the individual owner, AND EACH of the partners or the nature of the business is not clearly evident by the name.

For example:

Doing business under a name like:

Eisenberg & Yandall Associates

or

Eisenberg & Yandall Sons

would require a Fictitious Business Name be registered, even though the surname of the owner is stated, the words following the surname suggest other owners that are not specifically named.

HOWEVER, doing business under a name like:

Teresa Fiske Plumbing

Starting a Business

When starting a new business, there are many important decisions to make and many rules and procedures that must be addressed. While there is no single source for all filing requirements, the following steps have been developed to assist you in starting your business.

Step 1

It is helpful to begin with a business plan. A business plan is a blueprint of every aspect of your business. Sales, Marketing, Advertising, Promotion and Location are just some of the categories to consider when creating a plan. Go to the [U.S. Small Business Administration](#) website to find a tutorial on how to create a business plan.

Step 2

If you would like help deciding on a location for your business, contact the [California Business Investment Services unit of the Governor's Office of Economic Development \(GO-Biz\)](#). The California Business Investment Services unit provides tailored site selection services for businesses, real-estate executives, and site selection consultants.

Step 3

Choose a business structure. Select a business entity type from the following list for a brief overview of the principal types of legal business structures available in California. Private legal and tax advisors should be consulted before making a determination as to the type of business entity to form.

- [Corporation](#)
- [Limited Liability Company](#)
- [Limited Partnership](#)
- [General Partnership](#)
- [Limited Liability Partnership](#)
- [Sole Proprietorship](#)

Step 4

Your next step will be to file your [tax and employer identification documents](#).

Step 5

Most businesses require licenses or permits in order to operate. Please click on each [resources](#) below to determine if your business requires any licenses or permits.
