Summary:
Drone Wars presents a series of essays by legal scholars, journalists, government officials, military analysts, social scientists, and foreign policy experts. It addresses drones' impact on the ground, how their use adheres to and challenges the laws of war, their relationship to complex policy challenges, and the ways they help us understand the future of war. The book is a diverse and comprehensive interdisciplinary perspective on drones that covers important debates on targeted killing and civilian casualties, presents key data on drone deployment, and offers new ideas on their historical development, significance, and impact on law and policy. Drone Wars documents the current state of the field at an important moment in history when new military technologies are transforming how war is practiced by the United States and, increasingly, by other states and by non-state actors around the world. --Provided by publisher

Library Services

The LRC is committed to providing the best possible research experience for its patrons. 

- Take our virtual tour or use our library location map to see our physical spaces. If you have a mobile device, our space is available through Google Indoor maps as well.
- Check-out a variety of computer and mobile equipment at our Circulation Desk.
- Need to prepare for a presentation? We have a video camera available for students to practice and view their presentation styles.
- Use our helpful microform-to-PDF machine as well as scanners, printers, and copiers.
- Free soft drink vending machine in the California room.

Study Rooms

There are 4 study rooms available in our upstairs Reading Room: LRC room 208, LRC room 209, LRC room 210 and LRC room 212. To reserve a room for group study, USD law students and paralegals use our online reservation system.

Research Assistant Program

The RA program is a great way for students to interact with professors and learn good researching practices while working on interesting projects.

Printing at USD

You must register your USD printing account before printing from on or off campus. Add personal email addresses to your printing account.

Guest Wireless at USD

Information about accessing USD’s guest wireless network can be found here: http://www.sandiego.edu/its/kb/33358. If you require assistance with the guest wireless in the law library, please visit the electronic services office (PLRC 121).

Library Account Services

You have many accounts as a USD member and the library account is one of them. Use your library account when checking out any library materials. You can place holds on materials through your library account.

Laptop Checkout

USD patrons can check out Macs and Laptops. Have questions? We’re here. Ask a law librarian!
Research Assistant Program

Along with individual work study faculty research positions, the law school has a program for training a cohort of research assistants (RA). Each year a new group of RAs are invited into the program based upon the student’s academic standing throughout his or her first year and the student’s expressed interest. The Legal Research Center provides training for the RAs toward the end of the 1L Spring semester as well as support on an individual basis for every RA throughout the student’s time as an RA.

RAs must apply for the program through the School of Law Office for JD Student Affairs. Contact Assistant Dean for JD Student Affairs, Meredith D'Angelo.

If you have been invited to apply to the Research Assistant Program, please complete this application form by the designated deadline.
