Please attach the following items, with this form as your cover page:

- ✓ Brief description of each course
- ✓ Description of what will link the courses (e.g., common theme/problem/question), why this linkage is important to address/demonstrate, and how this linkage will be made explicit to students so they see clearly how the courses intersect
- ✓ Interdisciplinary learning goals and outcomes for the linked portions of the courses
- ✓ Brief description of at least 4 activities/experiences/projects/class sessions that will clearly link the courses and offer interdisciplinary dialogue/exposure for students
- ✓ Tentative schedule of linked activities
- ✓ Tentative description of at least one assignment in which students (either individually or in groups) synthesize and apply knowledge and/or skills from the disciplines of both linked courses. (Note: individual instructors may choose to design their own assignment, or both instructors may choose to work together on a shared assignment.)

Indicate the semesters both instructors are available to teach this course (indicate all that apply):

Spring 2025

Fall 2025

Spring 2026

Fall 2026

Spring 2027

Note: Proposals will be reviewed by the Honors Program Committee to ensure that the proposed linkage offers a meaningful interdisciplinary educational experience. If approved, the Honors Program staff will work with instructors and their department chairs to schedule the courses during a mutually agreed upon semester and time.
