Administrative Law

Branch of law governing the creation and operation of administrative agencies

Administrative law makes up a huge portion of “the law”

Office of Administrative Law (OAL)

- Makes sure other agencies follow **Administrative Procedures Act (APA)**
 - Cal. Gov't Code § 11340 et seq. ([LX](#); [WL](#))
- [OAL Website](#)

- [California Regulatory Notice Register Online \(since 2018\)](#)
 - Weekly publication of notices of proposed action
 - 2002-2017 can be found through [the Internet Archive](#), see a librarian for assistance finding earlier issues

California Regulatory Notice Register (Z Register)

Includes:

- Notice of a proposed regulation, detailed background information about the regulation and its anticipated impact, and contact information for submitting comments
 - Does not necessarily include the full text of the regulation but will explain where and how to obtain the full text (usually on the agency's website)
- Rulemaking calendar
- Responses to public comments and public petitions for rulemaking

California Regulatory Law Bulletin

- The Bulletin is a supplement to the Notice Register, published by Barclays, the private publisher that took over publication of California regulations in 1990. It primarily provides excerpts from the Notice Register.
- 1995 – present on Lexis

Article 1. Reporting of Occupational Injury or Illness

8 CCR § 14003

§ 14003. Physician.

(a) Every physician, as defined in [Labor Code Section 3209.3](#), who attends an injured employee shall file, within five days after initial examination, a complete report of every occupational injury or occupational illness to such employee, with the employer's insurer, or with the employer, if self-insured. The injured or ill employee, if able to do so, shall complete a portion of such report describing how the injury or illness occurred. Unless the report is transmitted on computer input media, the physician shall file the original signed report with the insurer or self-insured employer.

(b) If treatment is for pesticide poisoning or for a condition suspected to be pesticide poisoning, the physician shall also file a complete report directly with the Division within five days after initial treatment. In no case shall treatment administered for pesticide poisoning or suspected pesticide poisoning be deemed to be first aid treatment.

(c) The reports required by this Section shall be made on Form 5021, Rev. 5, Doctor's First Report of Occupational Injury or Illness (sample forms may be secured from the Division), upon a form reproduced in accordance with Section 14007, or by use of computer input media prescribed by the Division and compatible with the Division's computer equipment. However, reports may be submitted on Revision 4 of Form 5021 for dates of service prior to October 1, 2015. Although ICD-10 coding is required on or after October 1, 2015, for a twelve-month period ending October 1, 2016, no medical treatment or medical-legal bill shall be denied based solely on an error in the level of specificity of the ICD-10 diagnosis code(s) used. Providers may use either version of the form until December 31, 2015. As of January 1, 2016, providers must use the 2015 version of the form.

(d) Physicians who use computerized data collection and reporting systems shall keep the injured worker's statement with the patient's medical records.
