Introduction

- Librarians are available to help you with your clinic research
- Resources you'll use in the clinic are different from those used in LWR
- Agency websites are a valuable starting point for your education and disability clinic research

Administrative Law

- Administrative law makes up a huge portion of “the law”
 - Executive Orders
 - Regulations
 - Agency Decisions

Regulations

- Regulations are “enabled” by statutes
 - Legislature authorizes an administrative agency to promulgate regulations that provide more detail than the statute
 - You need to research **both** the statute and the regulation

Welcome to the Office of Administrative Law

The Office of Administrative Law (OAL) ensures that agency regulations are clear, necessary, legally valid, and available to the public. OAL is responsible for reviewing administrative regulations proposed by over 200 state agencies for compliance with the standards set forth in California's Administrative Procedure Act (APA), for transmitting these regulations to the Secretary of State and for publishing regulations in the California Code of Regulations.

SEARCHING SPECIAL EDUCATION ORDERS

Some Special Education Orders will soon be available through our search feature. OAH will only be posting a limited number of orders issued. As OAH issues a large number of orders on an ongoing basis, most of which are extremely similar, posting all orders provides no additional benefit. Additionally, if OAH posted all orders issued, the volume would present a barrier to learning about the types of orders issued.

The orders posted will be based on the type of order, the relief granted such as "request denied" or "request granted," and the relationship of the order to parties' access to due process of law.

[PDF] BEFORE THE OFFICE OF ADMINISTRATIVE HEARINGS SPECIAL

REQUESTED REMEDIES Student seeks reimbursement for private **speech therapy** in 2003-2004, reimbursement for tutoring between September of 2003 and May of 2006, and two years tuition at a private college as a remedy for the denial of FAPE.

ISSUES¹

1. Did San Bernardino deny Student a free appropriate public education from July 7, 2015 to the date the complaint was filed by failing to:
 - a) Provide Student with a one-to-one assistant after parental request;
 - b) Develop a behavior intervention plan;
 - c) Provide Student with an appropriate amount of speech and language services to meet his unique needs?
2. Did San Bernardino deprive Student's parents of the ability to participate in the educational decision-making process by failing to provide copies of services records relating to speech and language services offered in Student's individualized education plan?

SUMMARY OF DECISION

Student met his burden on Issue 1(c). The evidence established that San Bernardino did not provide Student with an appropriate amount of speech therapy services. At hearing, Special Education Director Mr. Dominguez admitted Student should have received more speech therapy sessions and he was entitled to make up missed sessions. San Bernardino eventually gave Parents the speech therapist's service logs which reflected missing weeks of services, without explaining to Parents that a discrepancy existed in Student's initial IEP regarding the amount of speech therapy he was entitled to receive. However, Student did not prove he had communication needs that required more speech therapy services during the regular school year than those San Bernardino offered in his July 7, 2015 initial IEP.

Student also met his burden on Issue 2. San Bernardino deprived Parents the opportunity to meaningfully participate in the development of the October 28, 2015 IEP meeting regarding speech services. Parents asked for but did not receive service logs from

Tips for Searching CA Special Ed. Decisions

- Search feature is rudimentary – keep keyword search broad (OAH is currently upgrading its search capability)
- Alternative 1: Search OAH's [database of special education decisions](#) in PDF on Box.com and use Box's search
- Alternative 2: Receive future special education decisions in your email by emailing a request to SEListServ@dgs.ca.gov and use Google's search
- OAH's database covers June 2005-present
- Special Education Decisions issued from 1993 through June 30, 2005, are maintained by [California Department of Education](#)
- Consider searching all similar decisions by the judge in your case

Tips for Searching CA Special Ed. Orders

- Remember this database provides just a sample of representative rulings, organized by type of procedural or substantive motion
- Best approach is to browse based on your procedural or substantive issue
- Search bar only searches type of motion/issue, not the facts of the case
- Sample orders are available in Spanish, Cantonese, Mandarin, and Arabic translations, and may be requested in additional languages

Learning Knows No Bounds

The San Diego Unified School District is dedicated to identifying, locating and assessing all students within the district from birth to 21 years of age who may have disabilities, and providing appropriate support and/or related services to those students determined by an educational evaluation.

The District is committed to providing eligible students with disabilities a free and appropriate public education consistent with federal and state laws, including those students enrolled in private schools, wards of the state, highly mobile students with exceptional needs, etc. For information call 619-725-7700.

These services are provided based on the individual needs of the student. After a team, comprised of educational professionals and the parent(s), determines a student's unique needs and consider a variety of factors, an Individual Education Program (IEP) is created. An IEP is a legal document that describes how the San Diego Unified School

Call Number: KF4209.3 .B374 2019

ISBN: 9781475837674

Publication Date: 2019-01-12

Tremendous changes have occurred over the past decade in the provision of services to students with disabilities. Federal mandates continue to define requirements for a free appropriate public education (FAPE) in the least restrictive environment. Additionally, there has been an increase in the number of lawsuits filed against school districts regarding the provision of educational services for disabilities. Case studies are a helpful way to understand these difficult issues. The case studies presented here are actual students eligible for education and related services. The case studies are represented not to tell districts and parents that this is the only way questions about special education
