### FOCUS ON THE COURTROOM

THANK YOU FOR YOUR SERVICE!

To address possible inappropriate use of social media and the internet by jurors, the attached poster was developed for distribution to California trial courts. The poster is a tool to remind jurors that existing bans on research and dissemination of trial-related information apply to all forms of electronic and wireless communication.

Use of the poster is optional. PDF versions of the poster are provided in two sizes: [8.5" x 11"](#) and [11" x 17"](#).

## Jury Instructions For Judges and Attorneys

Print

The Judicial Council of California has adopted award-winning plain language civil and criminal jury instructions that accurately convey the law using language that is understandable to jurors.

### Notice to Users

The Judicial Council of California owns the copyright in the Jury Instructions, and in posting the Jury Instructions on the Worldwide Web, the Judicial Council seeks to make the instructions available to the public and hereby grants members of the public a nonexclusive license to reproduce or modify the jury instructions, except as limited hereinafter.

The nonexclusive public license granted in the preceding paragraph does not extend to any commercial publisher for purposes of reproducing the instructions (in any format), preparing derivative works based on them, or publicly distributing or displaying copies of them. The Judicial Council will consider licensing commercial publishers on a case-by-case basis. For purposes of this license, "commercial publishers" means entities that publish works for sale, whether for profit or otherwise.

© The Regents of the University of California

By agreement between the Board of Governors of the State Bar of California and The Regents of the University of California, Continuing Education of the Bar - California (CEB) offers an educational program for the benefit of practicing lawyers. This program is administered by a Governing Committee whose members include representatives of the State Bar and the University of California.

Practice books are published as part of this program. Authors are given full opportunity to express their individual legal interpretations and opinions; these opinions are not intended to reflect the position of the State Bar of California or of the University of California. Materials written by employees of state or federal agencies are not to be considered statements of governmental policies.

CEB is self-supporting. CEB receives no subsidy from State Bar dues or from any other source. CEB's only financial support comes from the sale of CEB publications, programs, and other products. CEB's publications and programs are intended to provide current and accurate information and are designed to help attorneys maintain their professional competence. Publications are distributed and oral programs presented with the understanding that CEB does not render any legal, accounting, or other professional service. Attorneys using CEB publications or orally conveyed information in dealing with a specific legal matter should also research original sources of authority. CEB's publications and programs are not intended to describe the standard of care for attorneys in any community, but rather to be of assistance to attorneys in providing high quality service to their clients and in protecting their own interests.

CEB considers the publication of any CEB practice book the beginning of a dialogue with our readers. The periodic updates to this book will give us the opportunity to make corrections or additions you suggest. If you are aware of an omission or error in this book, please share your knowledge with other California lawyers. Send your comments to:
